## Summer News

Blessings and Salutations Beloved Family!

Wisdom of the Earth has moved to a new location. We are now in the center of Cornville where the old Windmill Garden and Nursery used to be. Our new address is 9550 E Cornville Rd., Cornville, AZ. Our phone number is the same 928-649-9968. We are finally all set up and ready for visitors! Come by and see our new space. It is absolutely beautiful. We look forward to continuing to serve the community with our beautiful single pure essences.

## An Open-Heart

Anointed and walking the medicine wheel during the Soulstice in June, I asked for a word come to me that I could embody and live during this summer season. To my surprise, I heard the words "open-hearted." Now we all know that the present time is one of the hardest passages we are living through as a human

family on our planet. There are many thoughts and beliefs on different sides of this pandemic. I too have very strong feelings about my sovereignty and well-being, and I am usually very vocal about my views and opinions. But as I embraced my "open-hearted" mantra, I began to find a middle ground to walk upon. I could still love the haters, the looters, and the controllers as well as those with masks and those without, by not letting it effect my sense of self. I could feel the hurt and trauma that we are experiencing as Earthlings and particularly as Americans.

My shift brought me to heart-listening instead of speaking. What I heard as I listened with my heart, was the fear, frustration, and anxiety that so many people are experiencing. We have amazing protective essences here at WOTE. My daily doses of *Black Cumin*, *Norway Spruce*, *Rosemary cineole*, and *Frankincense* have kept me healthy and vibrant through the move and the transitions happening in our world. However, my meditations were directing me to listen

deeply to what my heart had to say. I anointed myself with *Rosewood*, *Ylang Ylang*, and *Sweet Grass* and dove deeply into myself. I felt a softening within the very core of my wisdom and could now listen open-heartedly. I waded through the anger, frustration, lies, numbness, and depression until I felt the joy starting to percolate. I felt wings sprouting from the sides of my heart and a liberation from my 3D body. My heart opened wide, expanded, and embraced the Earth and all of her inhabitants. I felt freed from the story and the matrix which holds it. I found an earthy organic matrix and entrained that frequency. My heart and the heart of the sweet Mother Earth joined as one. I felt renewed and uplifted to continue on.

My heart shared... "Universal peace and brotherhood/sisterhood will reign on this planet. We are being shown our shadow side in order to love, forgive, and raise our frequencies. We are witnessing our capacity to be part of a larger reality, a more inclusive universal and multidimensional community that comes after we make our way though this tunnel of darkness. Keep the balance, stay in your heart, and help others."

This message is for all of our hearts. Do not let the current situation take away your joy or your creative nature. We are being asked to re-birth ourselves and figure out a way through this new Earth template. Know that we were born for this. Use the essences to lead you within so that can still bring peace and happiness to your life.

Wishing you a safe passage through this transitional time and know that Wisdom

of the Earth is here to help you navigate the road ahead.

Many Blessings and stay safe out there.

## Hand Sanitizers

Audre and I went to Home Depot the other day to buy some supplies for the new office. They handed us a dirty rag and hand sanitizer to clean the cart with. There was no way I was going to use that to "clean" the cart handle. I had White Spruce in my bag so I used a few drops on the handle and on my hands and went shopping. The smell was divine and cleared the auric field down the isles we walked.

As a proponent of the strength of our essence, I feel that having any of our lavenders, spruces and pines can clear away bacteria better than the store-bought ones. Here is a recipe that I use and keep in my car to spray on my hands after I've been in a store. Enjoy making yours.

### ***Sanitizer recipe for a spray bottle .***

Base: 2/3 cup of aloe vera for a gel, or use a base of 1/3 cup of distilled water and/or witch hazel.

Then add...

5 drops of Lavender  
5 drops of Lemon  
3 drops of Cinnamon Bark  
4 drops of any Eucalyptus  
3 drops of any Rosemary  
and 1 capsule of Vitamin E oil (natural preservative)

Shake each time before using.

### ***Some additional options***

Orange  
Oregano  
Tea Tree  
Hyssop  
Clove  
Savory Mountain  
Sage  
Pine
